SPEEDING & ALTERED MUFFLERS

The LCSO continues to receive calls and traffic complaints from residents regarding speeding & the increase in noise on roadways from altered mufflers.

In March 2021, the Virginia General Assembly passed new laws limiting law enforcement's ability to conduct traffic stops for equipment violations.

This has led to an increase in the use of altered mufflers by drivers and many residents have complained about the excessive noise on roadways around their homes.

Loudoun County Sheriff's Office remains vigilant in addressing the concerns of our residents and are focused on utilizing the laws available to law enforcement to address speeding and moving violations.

Have a concern about drivers' speeding in your neighborhood.
We want to hear from you!

TAX SEASON FRAUDS

Tax ID Theft: File your tax return as early in the tax season as you can. If you think someone used your SSN to file for a tax refund, but you haven't gotten a letter from the IRS, use [IdentityTheft.gov](https://www.identitytheft.gov) to report it to the IRS and FTC and get a recovery plan.

Telephone Scams: You get an unsolicited call from someone purporting to be with the IRS. They use fake names and fake "badge numbers" when they identify themselves. They usually know certain things about you, which often are found easily online. Their phone number looks official. You might get threatened with arrest.

Email and Phishing Scams: You receive an official-looking email, complete with the IRS logo and apparently-valid contact names and email addresses. There's even a link to (what appears to be) a valid IRS website. These unsolicited emails should not be opened and under no circumstances should you click the link!

STOP! The IRS will not call or email you before sending official correspondence through the U.S. mail system. If you receive an unsolicited call or email "from the IRS," it is not real. If you're feeling uneasy, call the IRS at 1-800-829-1040.
